

# KANGA OFF ROAD

## 4WD OFF ROAD SNATCH BLOCK

You can decrease your load and increase your pulling capacity with the Kanga Off road Snatch Block. Suitable for steel and synthetic ropes.

This item is a perfect complement to any four-wheel drive fan; this snatch block adds to the versatility of any on-board winch. Kanga Off Road Snatch Block has a rated weight of up to 8 Tonne, which allows you to reduce the load on the vehicle winch and helps you winch from different angles when you can't choose the ideal straight line.

### Product Features:

- Can use a cable up to 12mm dia.
- Coated to resist chip and rust
- Solid 102mm billet pulley wheel
- Lubricated shaft with grease nipple
- Conforms to AS 2089
- Part Number - 12ORB08
