

CRANE SCALE

Our ALS Crane Scale is available in two models CSR-A and CSR-B and it's a powerful addition to your lifting and weighing needs. The CSR-A model features a convenient 30mm (1.2-inch) LED display, providing clear and precise weight readings. With the Hold Function, you can capture weight data with ease. The Weight Accumulation Function allows for cumulative weight tracking, making it perfect for various applications. Plus, enjoy the convenience of remote control calibration, streamlining your operations for efficient and accurate results.

Features

- Crane Scale – Model CSR-A and CSR-B
- 30mm (1.2inch) LED display (CSR-A)
- Hold Function
- Weight accumulation function
- Remote control calibration

Weighing accuracy: **Comply with OIML**

Operation time: **111 60 Hrs** (with fully charged battery)

Safe over-load: **15%F.S**

Damaging over-load: **300%F.S**

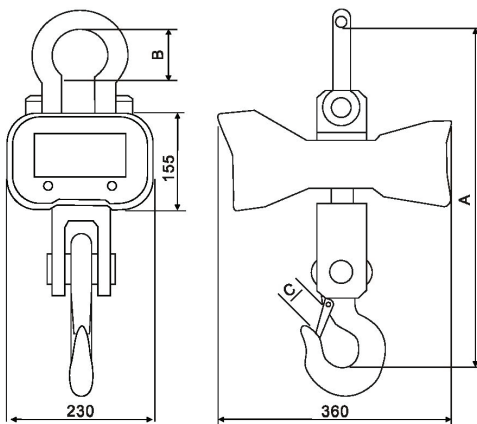

Working temperature rang: **-10°C to 50°C**

Operation humidity: **<90%R.H**

Dimension of display: **5 Digits 30mm (1.2")**

Stability time of reading: **<S.05**

Remote distance: **10-15m**

Product Code	Max Cap (Kg)	Min Division	Net Weight (Kg)	A (mm)	B (mm)	C (mm)
10CS010	1000	1	11.5	505	58	35
10CS020	2000	1	11.5	505	58	35
10CS030	3000	1	11.5	505	58	35
10CS050	5000	2	16.4	610	80	45
10CS100	10000	5	21.0	650	90	45
10CS150	15000	5	45.5	940	98	55
10CS200	20000	10	73.5	1100	127	70

- CSR-A is LED display in red, for Indoor
- Use.CSR-B is LCD display in green, for Outdoor Use
- LCD Screen also available upon request.
